

Credit Card Reader Checkout Form

Scouting product sales will help enable you to keep great program adventures on track for later this year. We do not know what 2020 holds for us but two things are for sure: A Scout is strong, and a Scout is clean! The longer we can retain youth in Scouting, the more success they are likely to have in life; therefore, we must remove barriers that would prevent program from happening.

In today's society, consumers and businesses are less likely to use cash, which presents challenges to Scouting units that depend upon the ability to sell now and provide options suitable for each customer.

The Hoosier Trails Council is proud to invest in local Scouting programs by providing portable credit card readers as a service to Scout units, aimed at increasing the number of sales and raising your profit margin.

- Units place a \$50 deposit **per credit card reader** to the council, which is refunded upon return of all parts of the reader (*Device, Charging Cable, Stabilizer, and Storage Box*).
- Council pays processing & transaction fees, so the unit retains all its sales commissions
- This device requires the downloading of an app and is compatible with iPhone, iPad, Android Phone or Tablet
- Each device needs to be associated with a separate email if using multiple readers in your unit
- Easy to use app, that is preloaded with Popcorn Sale products and respective costs
- Readers are assigned an identifying number that enables the council to run and share reports based upon your unit's usage
- Proceeds from unit sales are deposited into a council bank account and will be deducted from your unit's end-of-sale amount due to the council

Unit Type & # _____

Device Number Assigned _____

Unit Representative that Credit Card Reader was presented to _____

Unit Representative E-Mail that is to be assigned to this device _____
