Popcorn Sale

Our annual popcorn sale will be starting soon and we want to make sure that your unit gets in on the action! If your unit plans on participating in the show and sell portion of the sale, you will need to have your orders called into Terri in our Fargo Scout Office no later than 1pm on Wednesday, September 5th. Not only will your boys be able to earn money towards helping the unit, but they will also have the opportunity to earn scholarship money for college, along with some great prizes!

Fall Recruiting

With school coming back into session, that means it is time for our annual fall recruiting campaign. As always, we have a detailed plan of attack to make sure that the opportunity to join scouting is made available to as many as possible. Along with doing the classroom talks, each unit will once again be scheduling a “join night” where prospective scouts will have the opportunity to bring their parents, learn all about Cub Scouts, and sign up that night!

Final Thoughts

The Great Plains District has had a great year thus far. Our Packs & Troops came together and did an excellent job with our Friends of Scouting campaign, and ensuring that more youth will be able to take advantage of our great programs! Our Day Camp was a great success thanks to the planning and hard work of Nicole Brooks & her team from Watford City Pack 384. With Fall Recruiting just around the corner, our units are gearing up for another successful year of recruiting more boys into our program and growing our district. As always, a big thank you goes out to all of our district and unit volunteers for your hard work and sacrifices on behalf of the scouts. Without you, none of this would be possible.

Yours in Scouting,

Ethan Crisp
Great Plains District Executive
