

Frontier Trails District Logo Contest!

Make your mark this summer by designing the new District Logo!

A Scout is Helpful and, in this case, Creative too! Frontier Trails doesn't have a logo, but you can change that. What better way to represent Scouting in our District than to sport a District logo designed by Frontier Trails Scouts!

Here's the guidelines:

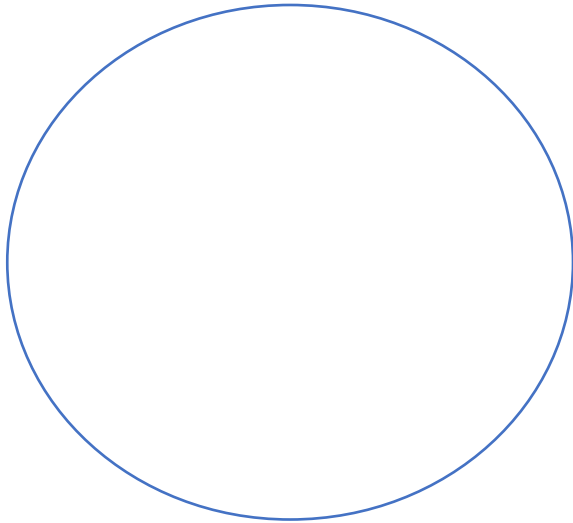

1. Represent Scouting in Frontier Trails. Not a logo from another district or council.
2. Be Fun! Special recognition for images that remind Scouters of the best parts of Scouting.
3. Be original, you can use images, but no copyrighted images unless they are copyrighted from Boy Scouts of America.
4. Have the Boy Scouts of America logo on the image somewhere.

Who can enter the contest? All currently active registered Scouts

How many designs can one Scout enter? One entry per Scout.

What size? The image can be submitted in any size, but it will be judged and viewed electronically in a 3in x 3in area

What are the dates of the contest? July 1st through September 30th. Voting will begin in October!
