Getting Answers to Questions

If a Scout or their parent has questions about the Eagle application process (or any other aspect of the Life-to-Eagle process), they should first consult the Eagle Resources available on the Council website:

www.glaciersedge.org/advancement

(or from the homepage, under the Training drop-down menu, select Advancement)

If the answer cannot be found or questions still remain, then the Scout should ask the following people **in the order listed**, moving to the next person if the role does not exist in their Unit or the answer is not known:

1. Life-to-Eagle Advisor/Mentor/Coach
2. Unit Advancement Coordinator
3. Unit Leader (Scoutmaster)
4. Unit Committee Chair
5. District/Council Eagle Representative assigned to their Unit
6. District Advancement Committee Chair
7. District Director/Executive
8. Council Advancement Committee Chair
9. Council Registrar
10. Council Scout Executive
11. National Advancement Program Office

If an adult leader resource from the Unit has a question about the Eagle application process (or any other aspect of the Life-to-Eagle process) or cannot find the answer to a question posed to them by a Scout, then they should consult the resources provided above **in the order listed** below their position, or refer the Scout to these resources as the Scout is instructed above.

Unit Functional Roles

Every unit has certain advancement responsibilities as listed in the BSA *Guide to Advancement*:

3.0.0.3 Unit Advancement Responsibilities

Unit advancement coordinators and those who assist them have the basic responsibility to support the unit's advancement and award program to maximize achievement, and otherwise facilitate a smooth implementation of the process.

Depending on the Unit organization, the following functional roles may be involved in assisting the Eagle Scout Candidate with their Eagle Scout Rank Application:

- Life-to-Eagle Advisor/Mentor
- Unit Advancement Coordinator

Not every unit has individuals assigned to these functional roles, but every unit should have someone designated to fulfil the duties of the Unit Advancement Coordinator.

If these functional roles are not specifically designated in the Unit, the Unit Leader should be consulted to determine who fulfills these responsibilities in the Unit and can provide additional guidance to the Eagle Scout Candidate as needed.

Life-to-Eagle Advisor/Mentor

The Life-to-Eagle Advisor/Mentor is a Unit assigned Adult Leader who guides, supports, and encourages Life Scout through the Life-to-Eagle process, including providing guidance on the Eagle Scout Service Project process.

The Eagle Advisor/Mentor is a source of information or advice for filling out the Eagle Rank Application including:

- References
- Statement of Ambition and Life Purpose

Often used incorrectly to refer to a Life-to-Eagle Advisor/Mentor, an **Eagle Scout Service Project Coach** is a specific BSA registered position appointed by the District/Council who is responsible for providing guidance to the Eagle Scout Candidate to enable completing their Eagle Scout Service Project, including the Proposal, Plan, Fundraising Application and Report. The Eagle Coach is the subject matter expert on the processes and standards of the service project. (see *Guide to Advancement*, 9.0.2.9.)

Unit Advancement Coordinator

The Unit Advancement Coordinator is responsible for maintaining all scout advancement records in addition to other duties outlined in the *Troop Committee Guidebook*.

The Unit Advancement Coordinator serves as a source of information or advice for filling out the Eagle Rank Application including:

- Rank Dates
- Merit Badge Dates
- Positions of Responsibility while a Life Scout

Prior to the Eagle Scout Candidate submitting an Eagle Rank Application, the **Unit Advancement Coordinator** (or another Adult Leader designated to perform this role) should confirm that the Eagle Scout Candidate advancement records are synchronized with the BSA National database (ScoutNET) via Scoutbook or Internet Advancement. This is especially important for any Merit Badges that were earned immediately prior to submitting the Eagle Rank Application. If the ScoutNET record for the Eagle Scout Candidate is not current, this will result in a delay before the Council can certify their Application and convene an Eagle Board of Review.

Responsibilities of the Unit Leader for Approval of the Eagle Scout Rank Application

The **Unit Leader** and **Unit Committee Chair** are mutually responsible for Approval of the Eagle Scout Rank Application on behalf of the Unit.

Before signing the Application, the **Unit Leader** should review the following items:

 - BSA months are measured by monthly date (e.g., January 15 to July 15)
- Correct Life Rank date is entered
 - Life Rank date is at least 6 months before 18th birthday
- At least five references are entered
 - Parent/guardian may be entered under Religions Affiliation (this line cannot be blank)
- 21 different Merit Badges (MBs) are entered with correct dates (must match the dates submitted to the BSA National database)
 - 13 Eagle Required MBs are entered
 - All MBs were completed prior to 18th birthday
- Correct position(s) of responsibility dates are entered

 - Position dates must total at least 6 months (but does not need to be continuous)
 - Total of 6 months must be completed prior to 18th birthday
- Scoutmaster Conference date is entered
 - Scoutmaster Conference date is after Life Rank date and prior to 18th birthday

Prior to submitting the application, the **Eagle Scout Candidate** should check the application for accuracy and the **Unit Leader** and **Unit Committee Chair** should both verify the accuracy of the application. Any and all inaccuracies in the application must be corrected by the **Eagle Scout Candidate** before the Council can certify the Application and convene an Eagle Board of Review.

Council Responsibilities for Approval of the Eagle Scout Rank Application

The Council **Registrar** (or designee) is responsible for certifying the Eagle Scout Candidate is currently registered with BSA through the Council and for certifying the accuracy of the application.

Prior to submitting the application, the **Eagle Scout Candidate** should have checked the application for accuracy and the **Unit Leader** and **Unit Committee Chair** should have both verified the accuracy of the application. Any and all inaccuracies in the application must be corrected by the **Eagle Scout Candidate** before the Council can certify the Application and convene an Eagle Board of Review.

The **District/Council Eagle Representative** is designated to serve as a representative of the Council/District Advancement Committees and is responsible for approval of Eagle Service Project Proposals and representing the Council/District at Boards of Review conducted at the Unit level.

The **Council Advancement Committee** is responsible for ensuring a process is in place for collecting references for the Board of Review (see Council Eagle Rank Application Reference Process under Eagle Scout Resources at www.galciersedgescouncil.org/advancement), that Boards of Review are conducted (see District/Council Eagle Representative above), and following BSA procedures for appeals and time-extension requests, in addition to various other responsibilities outlined in the *Guide to Advancement*.

The **Scout Executive** is responsible for certifying that all BSA procedures, as outlined in the *Guide to Advancement*, were followed and final approval of the Eagle Scout Rank Application.

BSA National is responsible for final verification of the fully approved Eagle Scout Rank Application and issuing Eagle Scout Credentials to the local Council. Upon receipt of the Eagle Scout Credentials, the Council **Registrar** is responsible for notifying Unit leadership.
